## Red Devil Tools. making things better for you...

Red Devil has always endeavored to build a close personal relationship with you and with the industry . . . to work hand-in-hand with you . . . to make things *better* for you.

This may seem to be a stock statement. Yet it is not. We have always sought to make better products, and to build into those products the finest quality possible. We have introduced new products to meet your growing needs, and to broaden your sales opportunities. We have never stopped trying to create better, more modern packaging, better fast-selling displays, better in-store promotions.

We have attempted to make our advertising to the trade bright and informative. And in national consumer publications we have consistently placed, over many years, compelling and memorable product messages which have given us the strongest, best-known consumer image and recognition in the industry. In all these ways we have tried to help you sell more — profit more — to make things better for you.

We have broadened our lines, too . . . and this has frequently been accomplished through the acquisition of companies known and respected in the field for their high quality and performance. Such a case was our recent marriage to Schalk Chemicals. This fine line of home repair products will now enjoy all the Red Devil sales and merchandising know-how at our command.

Continuing Red Devil market research programs will keep us abreast of your current and future requirements, and those of your customers as well. This is yet another modern method we employ to gather the information and knowledge necessary for maximum benefit and dynamic service to the industry.

In these ways we seek to maintain our excellent consumer image. And we seek to broaden our reputation for quality and line completeness, and to maintain our acknowledged industry acceptance as the company which does more for its wholesalers and dealers all across the United States.

## Red Devil Original World's Standard Glass Cutters

Whether for industry, shop, or home, Red Devil glass cutters set the standard for design and quality. From the blue tip of the handles to the "business end" of the precision alloy steel wheels, these cutters mean comfortable and almost effortless cutting. Every up-to-date production technique that can add to the quality and service life of a glass cutter is employed on Red Devil glass cutters. Each Red Devil glass cutter is pre-lubricated, rust proof, and packaged in its own protective plastic pouch. The pouch keeps the cutter out of harm's way, and is handy for hanging near the job.

GLAZIERS'  
TOOLS

### No. 024 Glass Cutter

This model is universally used for sheet and general glass cutting. Overall length: 5". Uses Red Devil wheel No. 7SA14. Conforms to government specifications. Packed 12 to carton, weight: 14 oz. ... 144 to case, weight: 11 lbs.

### No. 023 Glass Cutter

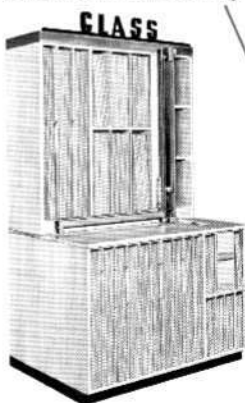

This ball knob model was developed for cutting sheet and general glass cutting where tapping is recommended. It is on a par with the No. 024 for high quality and fine workmanship. Overall length: 5". Uses Red Devil wheel No. 7SA14. Conforms to government specifications. Packed 12 to carton, weight: 15 oz. ... 144 to case, weight: 12 lbs.

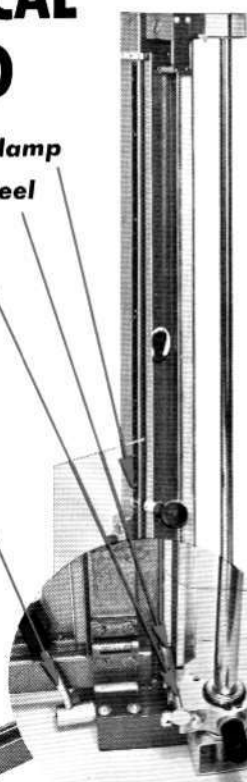

# Red Devil GB2-A VERTICAL GLASS BOARD

**Positive Action Clamp**  
**Equipped with Carbide Wheel**  
**Automatic Glass Cutter**  
**Automatic Shearing Arm**

Typical installation of No. GB-2 or GB-2A on standard glass rack.

Newest development in Automatic Glass Boards. Provides clean, square cuts, avoids wasting glass. Ease of operation saves time. So well-designed that even the most inexperienced personnel can use it. Just put glass in frame, run automatic cutter down glass, break glass clean by a touch on the shearing arm. One in wooden crate.

Weight— 59 lbs.

## S P E C I F I C A T I O N S

**Range**—Cuts from 5/16" to 36".

**Board Size**—36" x 36".

**Cutting Wheels**—Two No. 5CG30 carbide wheels supplied for cutter.

**Sturdy Construction**—All metal, can't shrink, warp or crack, will never go out of square. Horizontal and vertical scales have raised numerals, easy to read, cannot be worn off.

## GB2 VERTICAL GLASS BOARD

Exactly the same as the GB2-A, except does not have the automatic glass cutter feature. Cut is made by hand cutter along true edge of clamp. C888 Glass Cutter with carbide wheel is supplied with this manual board. One in wooden crate.

Weight — 49 lbs.

**All models for use on single and double strength glass only.**

## GB3-A VERTICAL GLASS BOARD for extra large work

Has the same rugged construction and foolproof operation as the GB2-A, except will handle lites 48" square. One in wooden crate.

Weight— 71 lbs.

## SPECIFICATIONS:

**Range** — Cuts from 5/16" to 48".

**Board Size** — 48" x 48".

**Cutting Wheels** — Two No. 5CG30 carbide wheels supplied for cutter.

## Carbide Wheel Glass Cutters

**No. C023 for General Use.** Uses No. 7CG18 carbide wheel.

**No. C024 for General Use.** Uses No. 7CG18 carbide wheel.

**No. C026 Glass Cutter.** Newly developed for cutting safety glass. Equipped with a special dull angle carbide wheel, proven superior for Auto Glass. Uses No. 5CG18 carbide wheel.

**No. C888 Refill Wheel Cutter.** Like No. 888 (Page 4) but with carbide wheel. Refill wheels for this cutter are: 7CJ18, 7CJ06, 7CJ25.

Tungsten carbide — the hardest metal made by man — makes these Red Devil cutters longer lasting, cleaner cutting, preferred by professionals! Greater penetration in cutting and greater ease in parting the glass are assured.

These are precision cutters with carbide wheel and compression type axle which provides self-oiling properties. Cutters can easily be factory resharpened at nominal cost. All carbide wheel glass cutters can be identified by the silver band.

Individually packed in transparent metal-capped carrying case with full instructions and addressed mailing bag for return for resharpening. Shipping weight 1 lb. 8 oz., per 12.

## CUSHION SMOOTH True professional GLASS CUTTERS!

### 060 Series

**064** For cutting sheet and general glass. Overall length: 5". Individually packaged. 12 to a carton. Weight: 12 oz. 144 to case. Case weight: 12 lbs.

**062** For plate glass. Is equipped with a special blunt angle wheel for cutting plate glass and all other types of polished, laminated or heavy glass, and pattern cutting. Overall length: 5". Individually packaged. 12 to a carton. Weight: 12 oz. 144 to case. Case weight: 13 lbs.

**066** For template cutting. Its small wheel (5/32") makes it easier to push or pull around templates and paper patterns. Perfect for auto glass cutting. Overall length: 5". Individually packaged. 12 to a carton. Weight: 12 oz. 144 to case. Case weight: 12 lbs.

**068** For extra-hard glass. Has a sharp angle wheel for cutting Vitrolyte, Carrara, Stippolyte, Opalescent, and other hard glass which ordinary cutters will not score. Overall length: 5". Individually packaged. 12 to a carton. Weight: 12 oz. 144 to case. Case weight: 13 lbs.

**063** For sheet and general glass cutting where tapping is recommended. Overall length: 5". Individually packaged. 12 to a carton. Weight: 1 lb. 144 to case. Case weight: 13 lbs.

#### All 060 Series Red Devil Glass Cutters

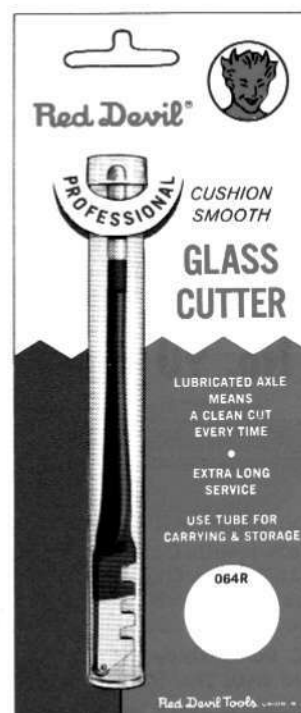

pictured and described above are for professional use. Each of the 5 cutters is packaged in a dust-proof, protective plastic caddy.

#### New Special Consumer Pack

Red Devil Glass Cutters 063 and 064 are also now available newly tubed and caddied for fast consumer impulse sales.

When ordering, specify "R", as shown below.

063R 12 to Box, 144 to Case  
Weight: 13 lbs.  
064R 12 to Box, 144 to Case  
Weight: 12 lbs.

The new Red Devil 060 Series Glass Cutters are the finest truly professional tools you can buy! Each Red Devil cutter has unique professional features which give you cleaner, faster, better work.

- New lubricated axle reduces friction, drag, and skip — gives you longer service, cleaner cuts.
- Micro-machined slot prevents wheel wobble.
- Identical wheel-cutting angle. Red Devil wheel-grinding machines adjust automatically for wear. This perpetual form control makes the cutting angle identical on every cutting wheel.
- Correct wheel protrusion gives you full versatility on straight or round cuts.
- Cushion-smooth operation results in a quiet yet clean cut every time.
- Every Red Devil Glass Cutter is quality-tested in the factory before packaging to insure operating perfection.

# Red Devil Special Purpose Glass Cutters

Red Devil makes the perfect cutter for every type and thickness of glass that has ever been made.

The wheels — permanent or refillable — are ground specifically for their recommended glass.

The axles used are super-hard phosphor-bronze with self-oiling properties for long, smooth service. And every single Red Devil glass cutter is hand tested by an expert before it is shipped. Result: you can't go wrong with Red Devil.

**All glass cutters shown in this group are packed 12 to the box, and all come in individual plastic pouches.**

**No. 7 Turret Head Cutter**, wood handle, preferred by many glaziers because one-piece turret can be turned to bring each of 6 wheels into play one after another as dulling occurs. 72 to case, weight 4 lbs. 4 oz.

**No. 888 Refill Wheel Cutter** is designed for glass factories. Wheel-axle unit turns smoothly in steel spring holder which slides out of handle and spreads open for quick wheel change. Specify wheel desired:

No. 7SC21 for sheet or window glass.

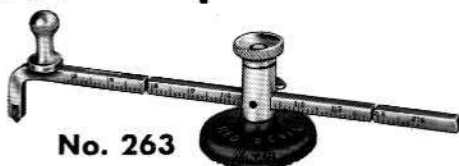

No. 7SC25 for plate or soft glass.

No. 7SC10 for hard or art glass.

72 to case, weight 5 lbs. 4 oz.

**No. 45 Magazine Refill Cutter** features ball handle holding six spare wheels that slip easily into steel spring holder (shown with No. 888). Cutter shipped with seven wheels. Refill Wheels for this cutter are same as for No. 888. 72 to case, weight 6 lbs. 12 oz.

## Circle Sweep Glass Cutters

**No. 263**

Has quick-change wheel—cuts circles 2 to 24 inches. Makes easy work of cutting circles of plain or plate glass in diameters of 2 inches to 24 inches. Metal base with rubber mat, prevents slipping. Graduated steel rod is scaled in 1/16 inches. Furnished with two extra No. 7SC21 refill wheels and axle.

*Individually boxed. 12 in carton. Weight: 4 lbs. 8 oz.*

\*Red Devil No. 274 — cuts circles 2 to 36 inches.

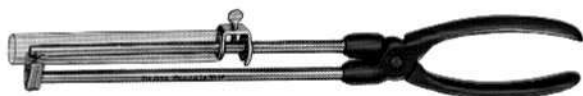

\*Red Devil No. 275 — cuts circles 2 to 48 inches.

\*Red Devil No. 276 — cuts circles 2 to 72 inches.

(One in a carton)

\*Same as No. 263 with rod scaled for last 12 inches only.

## No. 90 Gauge Glass Cutter

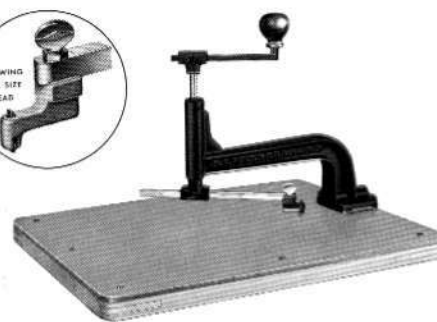

Special plier type handle is very simple to use, produces accurate results. Cuts glass tube up to 6 inches. Rod is scaled in 1/16 inches. Overall length—13 inches. Fitted with highest grade No. 5SB18 RED DEVIL replaceable wheel. Developed to conform with Government specifications.

**No. C 90 Carbide Wheel Gauge Glass Cutter**—Same as No. 90 with No. 5CB18 replaceable carbide wheel.

*Individually boxed, weight 11 oz. 144 in case, weight 92 lbs.*

## No. 386 Circle Glass Cutting Machine

**Cuts circles 1/2 inch to 15 1/2 inches**

No skilled operator is needed to cut perfect circles with this machine. Reliable, accurate and well made, it meets the demand for a popular-priced machine for perfect, easy cutting in a wide range of sizes. Has an adjustable crank, enclosed steel bearings, and a rod scaled in 1/16 inches. Uses No. 7SC21 refill wheel and axle.

*Individually boxed. Weight 12 lbs.*

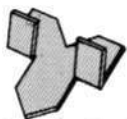

GLAZIERS'  
TOOLS

# Red Devil Glaziers' Points

## No. 10 Push Points

New type for amateurs and professionals. Packed in new sales building hang-up dispenser. You push these zinc points into place with a putty knife or similar tool. 12  $\frac{3}{4}$  oz. packages to a dispenser. 30 dispensers to case. Weight: 24 lbs.

## No. 20 Triangle Points

Packed in hang-up dispenser to increase impulse sales. No. 20 points are zinc coated, and packed in Size No. 2 unless otherwise ordered. 12 2 oz. packages to a dispenser. 30 dispensers to case. Weight: 55 lbs.

**OTHER PACKING:** Zinc Coated Triangle Points are also furnished in bulk,  $\frac{1}{2}$  lb. and 1 lb. packages, in all sizes.

## The Original World's Standard Automatic Point Driver

Glazes sash and frames, mirrors and pictures. Operator can adjust or replace any part in two minutes!

With this patented gun, one man can glaze more sash in an hour than five men could by the old hand method with triangle points. Eliminates the use of brads and nails for picture framing. Easily operated coil-spring-feed shoots points into the hardest wood at machine gun speed. For sash mills, lumber yards, glaziers, picture framers and furniture manufacturers—or for glazing on the job—this is a 100% efficient, time saving tool.

Note how double the amount of sash can be glazed at one time, in a single operation, by using a pair of RED DEVIL Point Drivers, shown in this photo of a housing project job.

NO. DP1  
and  
No. DP2

RED DEVIL Automatic Diamond Point Drivers operate in any position, drive points when held at any angle, even for smallest panes of glass. Unlike other drivers, points cannot drop out of the magazine, due to patented nose plate.

RED DEVIL No. DP1 (Illustrated) is the standard for use in glazing sash, storm windows, cold frames, hot beds and similar jobs. Also recommended for use on very small picture frames. Uses No. 1 points,  $\frac{3}{8}$ " long.

RED DEVIL No. DP2 is the standard for reglazing old sash where wood is soft. Also recommended for average size picture frames and the like. Same as No. DP1, except that it shoots the larger No. 2 points, which are  $\frac{1}{2}$ " long.

BOTH PACKED ONE IN A CARTON WITH EXTRA DRIVING PLATE.  
12 IN A CASE. WEIGHT 14 LBS.

## Ste-Like and Pure Zinc Diamond Points

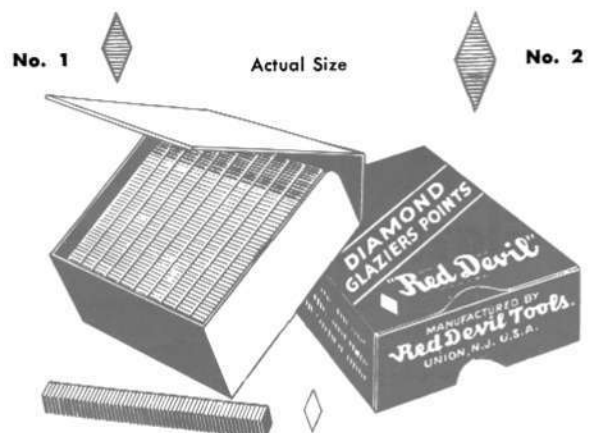

Made by an exclusive process from especially hard metal, RED DEVIL high quality "Ste-Like" Diamond Points slip quickly and accurately into the RED DEVIL Point Drivers. They are treated against corrosion and are easily driven into the hardest wood.

Also available, RED DEVIL Diamond Points of pure hard-rolled zinc, absolutely accurate in size. Diamond Points are evenly stacked in strong sticks of 100 each.

**RED DEVIL NO. 1**—Diamond Points ( $\frac{3}{8}$  inch long). For No. DP1 Driver. Packages of 5,000, contained in boxes of 9 packages (45,000). Weight—9-package box, "Ste-Like"  $8\frac{1}{2}$  lbs., Zinc  $7\frac{1}{2}$  lbs.

**RED DEVIL NO. 2**—Diamond Points ( $\frac{1}{2}$ " long) for No. DP2 Driver. Packages of 4,000, contained in boxes of 9 packages (36,000). Weight—9-package box, "Ste-Like" 11 lbs., Zinc  $10\frac{1}{2}$  lbs.

### RED DEVIL DIAMOND POINTS

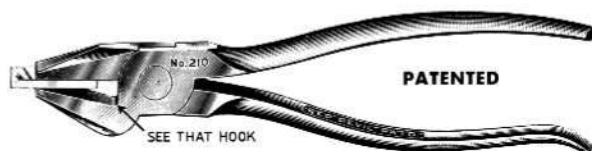

RED DEVIL Diamond Points are packed in a special package which prevents breaking.

# Red Devil Glass Pliers

NO. 210

## No. 210 Glass Plier

For glass to  $\frac{1}{2}$  inch. Flat upper jaw supports top surface of glass. Humped lower jaw develops powerful leverage, cleanly severs glass to a line cut.  $8\frac{1}{2}$  inch, polished finish. Individually boxed. Weight per 12 pliers, 12 lbs.

## No. 310 Offset Glass Plier

Gets into corners, breaks or chips plate glass in an upright position.  $8\frac{1}{2}$  inch. Individually boxed. Weight per 12 pliers, 12 lbs.

GLAZIERS'  
TOOLS

## No. 410 8" Flare Grip Jaw Plier

(ALSO 6", NOT FLARED)

Popular priced. 8 inch size has flaring wide jaw preferred by glaziers. Both sides full polish. 6 inch size, one in a box, six in a carton. Weight, per 12 pliers, 6 lbs. 8 inch size, individually boxed. Weight per 12 pliers, 10 lbs.

## No. 610 Cut Running Plier

Produces clean, smooth edges on glass up to  $\frac{3}{8}$ " thick with a mere squeeze of the handles. No chips, no flares, no run outs. Recommended for heat-absorbing glass, mirrors and where clean cut edges are a necessity. Length 8". Individually boxed. Weight per 12 pliers, 10 lbs.

## Red Devil Glaziers' Chisels

Thick, tapered blade is forged from the best high carbon steel, with a shank that runs clear through the molded handle so that the chisel may be tapped with a hammer. Blade cannot work loose from handle. Overall length of tool is  $11\frac{3}{4}$  inches.

454 —  $1\frac{1}{2}$  inches — 11 lbs. per 12  
454 — 2 inches — 12 lbs. 8 oz. per 12

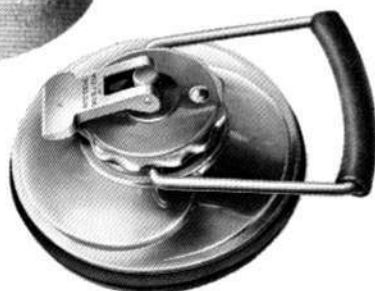

ALL CHISELS INDIVIDUALLY PACKED

# Red Devil Vacuum Cup Glass Holders

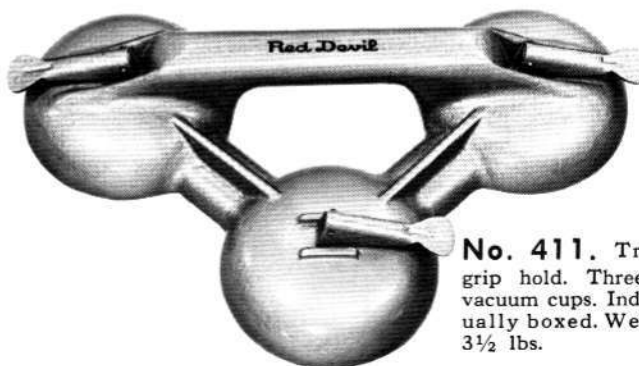

**No. 408.** Ideal for small size work. Lever to create vacuum is countersunk in handle. 4" cup. Individually boxed. Weight 1 1/4 lbs.

**No. 413.** Swivel handle with rubber grip. 6" disc. Individually boxed. Weight 2 3/4 lbs.

**No. 407.** Two 4" cups. "French phone" grip. Length 12 1/2" overall. Individually boxed. Weight 2 1/2 lbs.

**No. 411.** Triple grip hold. Three 4" vacuum cups. Individually boxed. Weight 3 1/2 lbs.

Red Devil's versatile line of Vacuum Cup Glass Holders satisfies every need. Each holder has a sturdy, cast aluminum base with a gray hammertone finish, thick natural rubber discs, and channel-type vacuum levers. Their disc shape creates greater vacuum, and when properly attached, they are impossible to remove without breaking the vacuum.

They securely place and hold glass, mirrors, granite, marble, plastics, micaboard, porcelain, enamel, steel, and metal sheets in exact position. Red Devil Vacuum Cup Glass Holders pack great lifting power into their modern design—are simple and easy to use, too.

GLAZIERS'  
TOOLS

## Glass Drills

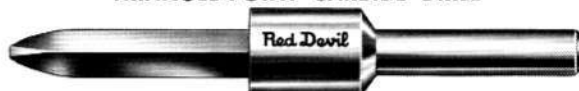

**Carbide-tipped — fit any rotary, portable, electric or hand drills**

### SPEAR-POINT CARBIDE DRILL

For machine drilling on glass. Nearly diamond hardness, gives more holes per grind, per drill, without resharping. Used on all grades and thicknesses of glass. Will also drill hard ceramic materials.

### TRIANGLE-POINT CARBIDE DRILL

Recommended for intensive production operations. Drills continuously — hole after hole — without any interruption or stopping to resharpen drills, as is necessary with other types of drills.

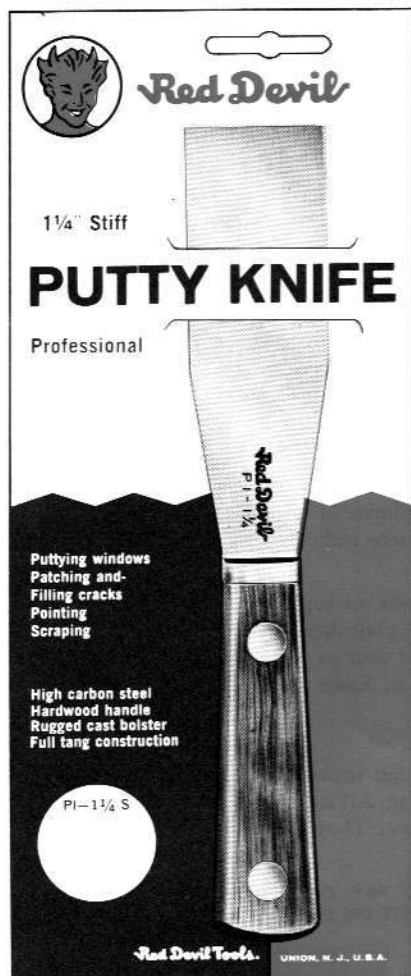

### SPECIFICATIONS

## Red Devil P1 Series Putty Knives • Wall Scrapers

These are precision tools, designed and built for professionals. Blades are finest high-carbon steel, fire-oil hardened, precision ground, tempered, mirror finished, and then lacquer dipped to retard tarnish. Comfortable, wide-neck laminated hardwood handles are permanently secured to the full tang with a pair of heavy-duty brass compression rivets, and the cast zinc bolster is riveted for life. These tools are individually and attractively carded for maximum merchandising ease and effectiveness.

Suffix "S" means Stiff ... "F" means Flexible.

## Tape Mate

### Professional Taping Knives with Brass Nail-Setting Head

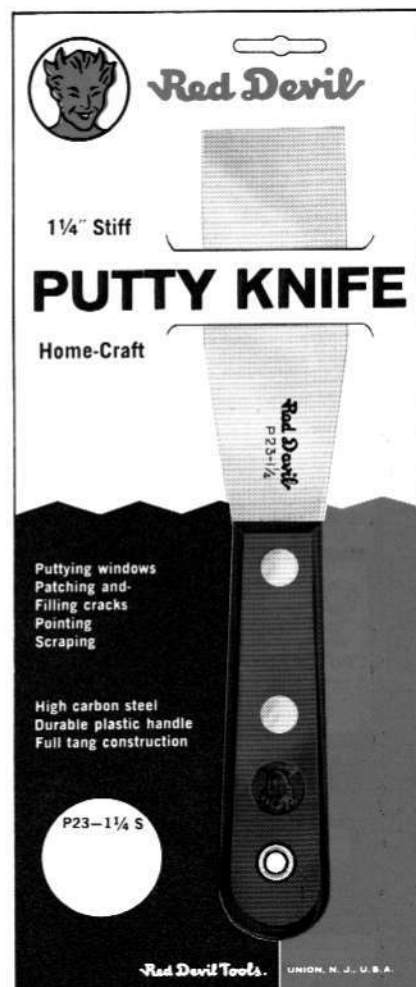

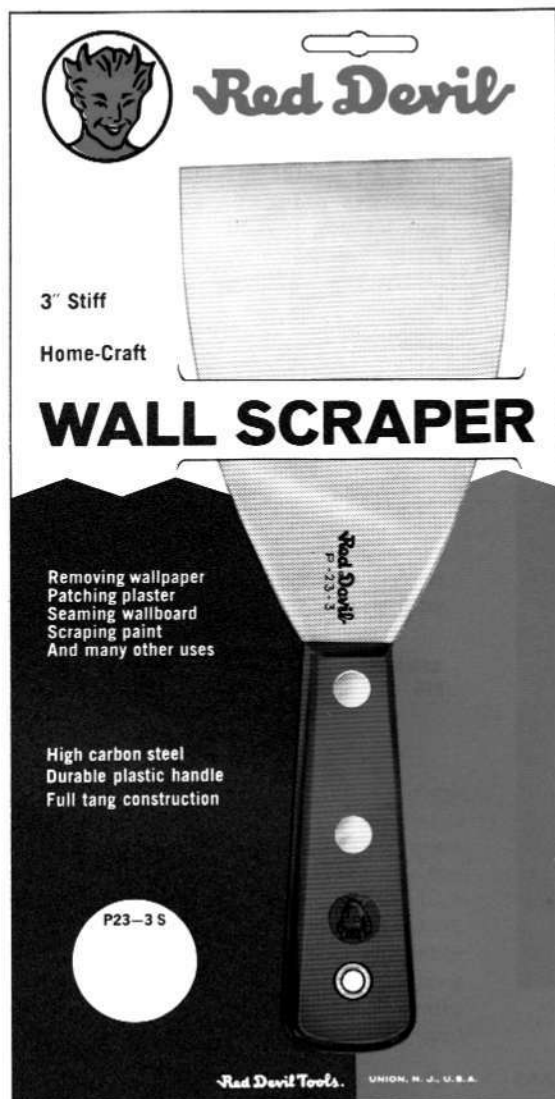

These fast-selling, double-duty tools (tape knife and hammer) make quick work of dry wall construction — they apply tape to the joint and sink any nails or other obstructions which might impair a neat, flat seam. The brass heads are anchored for keeps to the full-length tangs, and the comfort-grip Tenite handles are triple-riveted to the blades . . . one rivet is an eyelet for hanging. Tape-mates come individually carded. Packed six to a box . . . 72 to case. Weight, 12 knives 5¼ lbs. Case weight, 32 lbs. Available in flexible only.

# Red Devil P23 Series Putty Knives • Wall Scrapers

These are fine quality tools in the medium price range. The high carbon steel blades are fire-oil hardened, perfectly ground, tempered, mirror finished, and then lacquer dipped for lasting lustre. The comfortable Cyclocac (plastic) handles are warp proof and permanently secured to the full tang by a pair of life-time compression rivets plus an eyelet rivet which doubles as a "hang-up" hole. Each tool in the line comes on its own eye-catching red and blue card.

Suffix "S" means Stiff . . . "F" means Flexible.

# Red Devil Putty Knives Wall Scrapers

## P103 Series

This is the complete value priced line of tools—everything from putty knives to a big 6-inch tapping knife. And they're real mechanics' quality items at a home-shop price. Patented construction permanently welds comfort-molded handle and tool steel blade into a single unit. Steel framing takes strain away from narrow part of blade when working. These tools will give good service for years. Attractive, individual carding helps this famous line sell itself.

## P102 Series

These attractive putty knives and wall scrapers offer good quality for anyone who wants a sturdy, efficient tool at a low, low price. Tools feature saw steel blades, red enameled handles with hole for hanging, and nickel plated ferrules.

Red Devil Tools. UNION U.S.A.

# Red Devil

## LINOLEUM KNIVES

Included in this truly comprehensive and profitable line are linoleum knives which have a strong appeal to professionals as well as "do-it-yourselfers." With the exception of the K25, each of the knives in this line is individually mounted on its own colorful card.

K23-2½"  
3 lbs. per doz.

K24-3¼"  
3 lbs. per doz.

**K23, K24** Here are the finest quality professional hawkbill linoleum knives available. They are skillfully crafted of only the best and most carefully selected materials. Each high carbon cutlery steel blade goes through ten separate steps of production. Then the handle is permanently pinned through the tang with a heavy nickel-plated steel pin. With mirror-finished taper ground blades, genuine hand-burnt maple handles, and closed-end nickel-plated ferrules, these knives have the look and feel of the quality that's built into them. Packed 6 to the box, 72 to the case . . . weight: 20 lbs.

K26-2½"  
2 lbs. 14 oz. per doz.

K27-3¼"  
3 lbs. per doz.

**K26, K27** These are full-size, precision-made, yet reasonably priced linoleum knives. The blades are high quality tempered tool steel, and the smooth maple-stained beechwood handles (steel-pinned through tang) comfortably fit the hands of both full-time and "part-time" practitioners. With satin-finished blades and closed-end nickel-plated ferrules, these knives are packed 6 to the box, 72 to the case . . . weight: 19 lbs.

K28-2½"  
2 lbs. 14 oz. per doz.

VK 3-2½"  
3 lbs. 4 oz. per doz. **NEW**

K31-2½"  
2 lbs. 12 oz. per doz.

**K28**—Similar to the K26, except for a larger point. Satin finished blade of high carbon tool steel, tough "on-for-keeps" beechwood handle, closed-end nickel-plated ferrule. Packed 6 to the box, 72 to the case. Weight 18 lbs.

**VK 3 Vinyl Knife**—Its heavy-duty, high carbon 2½" blade has a special chisel edge that separates material, reducing drag. Excellent for all vinyls, asphalt tile, linoleum, etc. Burnt finish hardwood handle. Packed 6 to the box, 72 to the case, weight 21 lbs.

**K31** Here's a sturdy knife that's priced for the "do-it-yourselfer" customer, and has the quality to give him plenty of very satisfactory performance for his money. Including tough hardwood handle, closed-end nickel-plated ferrule, mirror-finished blade, and a nice price, the K31 is a real "go-getter" when it comes to impulse sales. Packed 12 to the box, 72 to the case . . . weight: 18 lbs.

K25-2⅞"  
1 lb. 4 oz. per doz.

**K25** This small-blade model is fine for linoleum or roofing use, and is priced for quick sales. It has a red varnished hardwood handle, tempered tool steel blade, closed-end nickel-plated ferrule, high quality, and plenty of sales appeal. Packed (uncarded) 12 to the box, 72 to the case . . . weight 8 lbs.

NEW

# Red Devil

## AK44 Adjustable Utility Knife with 4 Blades

This new Red Devil tool sparks extra profits! It has a push-button, retractable blade that locks securely in 3 cutting positions—full-out, 1/2-out, and 1/4-out. It retracts within the handle for complete safety while being carried.

Ideal for all types of industrial, work-shop, hobby, and art cutting—for cutting cardboard, paper, wallboard, rubber, fibreboard, mat-board, wood veneers. Locked-in blade can't slip. Handle is contoured, easy to grip, lightweight, strong and durable. Tool holds 3 extra blades in handle. Attractively coated.

Packed 6 knives per box, 72 per case. Weight 22 lbs. per case.

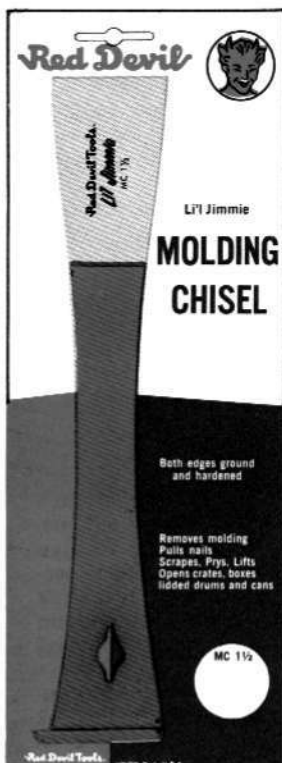

**AKB3 Blades:** for AK44 Knife. Made of finest-quality, super-honed steel. 5 to a package, 10 packages per display card. Weight: 12 oz. per card. 12 cards per case, weight: 9 3/4 lbs.

**AKB4 Blades:** Same as AKB3 Blades, only in 100-blade economy packs. Wt.: 1 lb. 1 oz.

## MC 1 1/2

### Scraper, Pry Bar and Molding Chisel

This is positively the handiest, most practical multi-purpose tool on the market. Primarily a scraper, "Li'l Jimmie" is also a molding chisel—one that will not damage molding or walls and is tops for loosening stuck windows, getting at weights in window sashes, pulling nails, scraping, opening crates and other containers, and dozens of other jobs. It also makes a fine glazier's chisel and point driver. Made of hardened high-carbon tool steel with both ends ground to chisel edge, "Li'l Jimmie" is a big worker . . . and a big seller. Overall length 9 1/2 inches. Packed 6 colorfully carded chisels to the box, weight: 3 lbs. . . . 72 to the case, weight 33 lbs.

## UK 55 Utility Knife

This knife has versatility plus. Its blade can be set in a half-dozen positions for performing dozens of jobs such as scoring and cutting wallboard, cutting corrugated boxes, cutting linoleum . . . everything from whittling to window scraping. Everybody needs one. And when they see this beautiful high-quality knife on its decorative card, they'll buy one. Complete with four extra blades (stowed-away in the polished, die-cast aluminum handle), the UK 55 is packed 6 to the box, weight: 1 lb. 8 oz. . . . 72 to the case, weight 19 lbs.

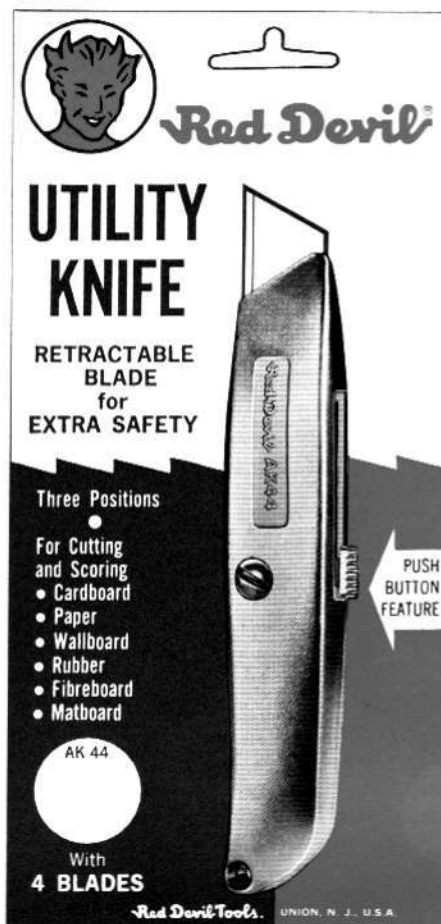

## UK B1

### Utility Knife Blades

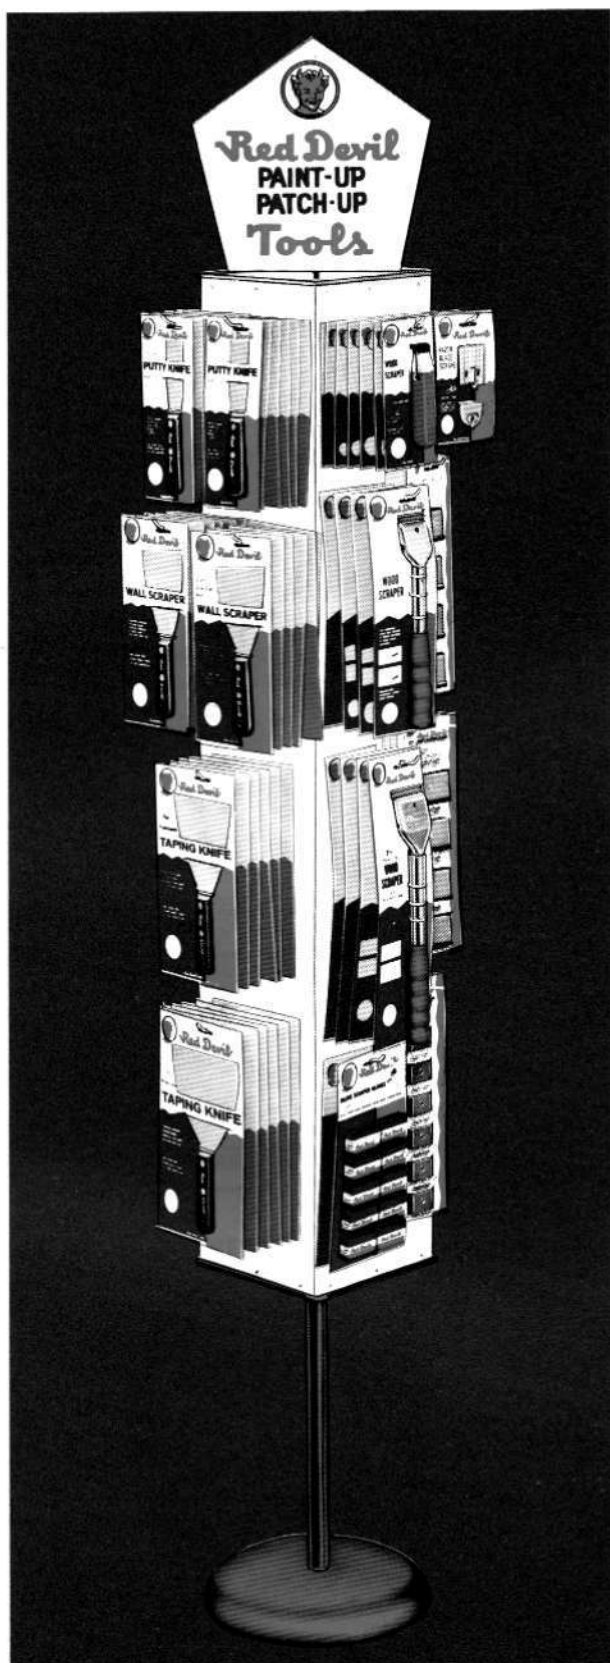

Specially designed for the UK 55 Utility Knife, these blades are of finest super-honed, high-carbon razor steel. They come 5 to a package, 10 packages to a 2-color display card. Weight: 12 oz. per card. 12 cards to case, weight: 9 3/4 lbs.

**UKB2**—same blades, only in 100-blade economy packs. Weight: 1 lb. 1 oz.

## SPECIAL PAINTERS' CUTLERY

**P19**  
1 1/8", 1 1/2", 2"

### Bent Knives

The stainless steel blades of these knives have the just-right angle and spring for steel sash work, and they're excellent for filling floor cracks, pointing-up wall-board joints, and spachtling trim as well. The comfortable, laminated hardwood handles are double brass riveted to the tang, and the cast zinc bolster is permanently riveted for added strength.

Packed 12 to box, weight: 2 lbs. 8 oz.

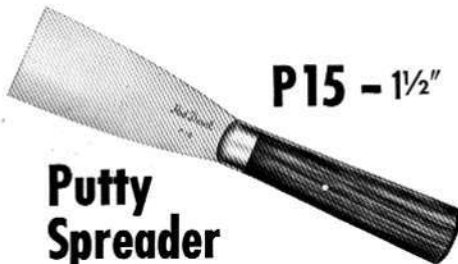

**P13 - 1 1/4" BK**

### Bent Knife

This handy, hefty knife has a black Tenite handle triple riveted through the tang of its stainless steel blade. One of the rivets is an eyelet, making this top-quality knife as convenient to hang as it is to use.

Packed 6 to box, weight: 1 lb.

**P15 - 1 1/2"**

### Putty Spreader

This tool is built to last. Its hardwood handle is fastened to the stainless steel blade with a heavy-duty brass pin, and the ferrule is nickel-plated, extra heavy steel.

Packed 12 to box, weight: 1 lb. 14 oz.

**P25 3BK**

3"

### Bent Burn-Off Knife

Ideal for use with Red Devil's Electric Paint Burner, or with Schalk's chemical paint removers. Extra-heavy steel blade is bent to keep hand free, prevent knuckle and skin scratches. Mirror finished, lacquered, and individually carded for fast sales. 3" wide blade is double riveted into natural hardwood handle. 10 1/4" long.

Packed 6 to box. Weight: 2 lbs. 2 ozs.

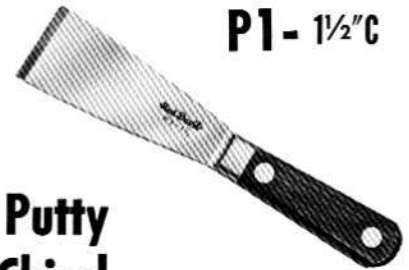

**P25**

3"

### Burn-Off Knives

The safety-length (7 1/2") handles of these quality knives are made of smooth, tough beechwood, and are riveted through the tangs of the high-carbon steel blades with three brass compression rivets. Prevents burned fingers, barked knuckles when burning off paint.

Packed 6 to box, weight: 2 lbs. 6 oz.

**P1 - 1 1/2" C**

### Putty Chisel

The high-carbon steel blade of this chisel is extra heavy for extra value. It has a precision beveled chisel edge and a full tang. The handle, made of durable laminated hardwood, is riveted through the tang with a pair of compression rivets, and a zinc alloy bolster.

Packed 12 to a box, weight: 3 lbs.

**P17 - 1 1/4"**

### Putty Chisel

Here's a truly fine chisel with extra heavy, mirror-polished, tempered-steel blade and precision beveled chisel edge. The handle is made of virtually indestructible laminated hardwood and it's secured to the tang by a pair of husky brass compression rivets. The bolster is cast zinc. Riveted for added strength. Individually carded.

Packed 6 to box, weight: 1 lb. 13 oz.

**P13 - 1 1/4" C**

### Putty Chisel

This fine tool has an extra heavy, mirror-polished, tempered-steel blade and a true beveled chisel edge. Black Tenite handle triple riveted to full tang. Carded.

Packed 6 to box, weight: 1 lb. 9 oz.

# Red Devil Wood Scrapers

The right scraper for every need.

These top-quality scrapers have been fast-selling items for a long time. They feature the finest, high carbon, hardened steel blades, precision made to retain their super sharpness over a long period of hard use. The blades (shown below) are replaceable, and make red-hot extra profit items. With the exception of the #14, all of these scrapers are individually carded.

## No. 50 Wood Scraper

with 2 1/2" replaceable,  
double-edge blade

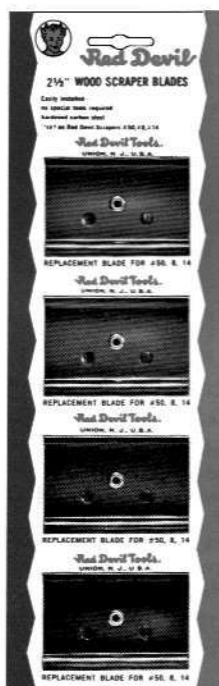

This scraper is made to do big jobs best. It's got an easy-to-hold handle, and measures 9 3/8 inches over all. Packed 6 to the box, weight: 2 lbs. 12 oz. . . 72 to the case, weight: 33 lbs.

## No. 40 Wood Scraper

with 1 1/2" replaceable,  
double-edge blade

This scraper is the right size for a wide variety of scraping jobs. Measuring 7 inches over all, the No. 40 is packed 12 to the box, weight: 3 lbs. . . 72 to the case, weight: 17 lbs.

## Replaceable Scraper Blades

All of these precision blades push in and out of the handles without screws or special tools, and will not slip once in place. The blades are waxed to prevent rust, and are then mounted on colorful, perforated dispenser cards.

**No. 2 1/2** (2 1/2" wide) Double-Edge, Super-Sharp Blade — Fits Nos. 55, 50 & 14 Red Devil Scrapers. 4 pair to card . . . 12 pair to box, weight: 1 lb. 8 oz. . . 144 pair to case, weight 15 lbs.

**No. 1 1/2** (1 1/2" wide) Double-Edge, Super-Sharp Blade — Fits No. 40 & 45 Red Devil Scrapers. 4 pair to card . . . 12 pair to box, weight 1 lb. . . 144 pair to case, weight 11 lbs.

**No. 1** (1" wide) Single-Edge Super-Sharp Blade—Fits No. 10 Red Devil Scraper. 6 to card, 12 to box, weight: 8 oz. . . 144 to case, weight 5 lbs.

## No. 15 Wood Scraper File

This handy file keeps a keen edge on scraper blades, and is also a fine general utility file. It has a hole in the handle for hanging. Packed 12 to the box, weight: 2 lbs. 12 oz. . . 36 to the case, weight: 7 3/4 lbs.

## No. 10 Wood Scraper

with 1" replaceable,  
single-edge blade

Here's a popular, small-size scraper that's ideal for use in tight spaces. It's also excellent for scraping window trim. Just 5 inches over all, this handy little item comes packed 12 to the box, weight: 1 lb. 12 oz. . . 144 to the case, weight: 19 lbs. s.

## No. 14 Wood Scraper

with 2 1/2" replaceable,  
double-edge blade

This model is similar to the No. 50, but has extra-long handle (14") for easy access to difficult-to-reach places. Packed 6 to the box, weight: 3 lbs. 4 oz. . . 72 to the case, weight: 38 3/4 lbs.

A handy tool for the homeowner or non-professional who does not require all of the features of the Red Devil EPB 1 Electric Paint Remover.

WOOD & PAINT  
SCRAPERS

# Red Devil Dragon-Skin<sup>®</sup>

## STEEL SANDPAPER

**Won't clog! • Sands, smooths, planes, shapes, rasps! • Outlasts ordinary sandpaper!**

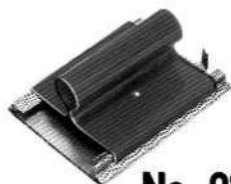

Red Devil Dragon Skin Steel Sandpaper is punched to form thousands of tiny, steel cutters that actually carve away at the work — smoothly, evenly, quickly. Its cutting edges are hardened for longer life. Chips and dust fall through the punched holes, eliminating clogging.

Dragon Skin Steel Sandpaper means faster work—less “elbow grease.” It finishes smoother because its cutting action is balanced and even. Use it on hard or soft woods, plastics, soft metals—for paint removal—for shaping, rasping, smoothing.

### A21 Merchandiser

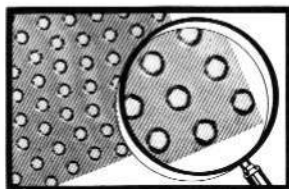

**FEATURING: 9S, DS1**

Merchandiser sells the 4 1/4" x 5" size sheet both ways—6 on holders, 6 individual Dragon-Skin sheets. A fine combination to catch profitable “impulse” sales. Shipping weight: 3 lbs. 8 oz.

**No. 9S Holder**

Handy red holder, complete with 4 1/4" x 5" (quarter size) sheet of Dragon-Skin already in place. Uses DS1 replacement sheet. Individually carded. 12 to display carton. Shipping weight: 5 lbs. 8 oz.

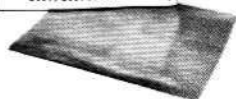

**No. DS1**

Quarter-size, (4 1/4" x 5") Dragon-Skin sheet. Individually packed in colorful jacket. 12 sheets to display carton. Shipping weight: 1 lb.

**No. DS7**

Full size 9" x 11" all-purpose sheet. Individually packed in colorful jacket. 12 to display carton. Shipping weight: 3 lbs., 8 oz.

**No. DS4**

Sander-size sheet, edges already crimped to fit oscillating sanders. Each sheet measures 3 2/3" x 9" and is individually boxed. 12 boxes to display carton. Shipping weight: 2 lbs.

### A23 Merchandiser

**FEATURING: 9S, DS1, DS7**

This colorful new counter-top merchandiser carries everything you need for a complete and compact Dragon-Skin department. You get two dozen 9S holders, plus two dozen DS1 individually packed sheets. You also get a **FREE BONUS**—two DS 7's and an extra 9S holder (use it for a demonstration and it will sell the rest). The entire A23 display comes as a self-contained carton. Just unfold it and put it to work. Over 45% profit. Shipping weight: 13 lbs. 4 oz.

WOOD & PAINT  
SCRAPERS

# Red Devil

## No. 9A Sandpaper Holder

Here's a handy holder that customers swear by—not at! It takes Red Devil and all other handy pack sizes of sandpaper. A simple, fool-proof locking device holds paper taut over sponge rubber pad. The pad allows paper to conform to shaped as well as flat surfaces. This all steel, bright red enameled holder (complete with a sheet of paper in place) is quite an eye-catcher on its colorful card. Packed 12 to the box, weight: 6 lbs. . . . 72 to the case, weight: 37 lbs.

## No. 9 Sandpaper Holder

Same as No. 9A but with smooth, slightly convex metal bottom plate instead of rubber pad. Also holds Red Devil Dragon Skin Steel Sandpaper (No. DS 1 sheet). Attractively carded with a piece of sandpaper in place, the No. 9 is packed 12 to the box, weight: 5 lbs. 4 ozs. . . . 72 to the case, weight: 32 lbs.

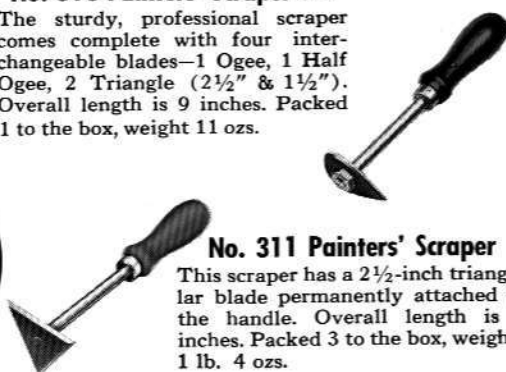

## Handy Pack Sandpaper No. 24

Each pack contains a coarse-medium-fine assortment of 15 full-size, top-quality sheets. All sheets in the assortment fit Red Devil Nos. 9 and 9A holders, or can be used without holders. Packed 50 packs to display carton. 4 cartons (200 packs) to case, weight: 48 lbs.

## No. 310 Painters' Scraper Set

The sturdy, professional scraper comes complete with four interchangeable blades—1 Ogee, 1 Half Ogee, 2 Triangle (2½" & 1½"). Overall length is 9 inches. Packed 1 to the box, weight 11 ozs.

## No. 311 Painters' Scraper

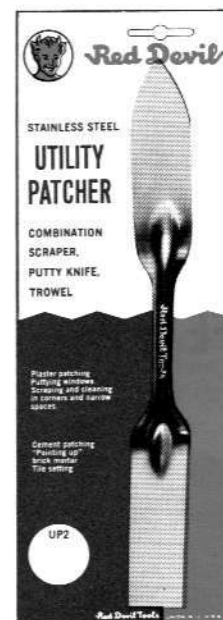

This scraper has a 2½-inch triangular blade permanently attached to the handle. Overall length is 9 inches. Packed 3 to the box, weight: 1 lb. 4 ozs.

## WZ-2 Windo-Zipper®

Aptly named, this cutting tool *zips* open stuck windows without marring paint. It slices through whatever undesirable paint or material is binding the sash. Individually carded, the Windo-Zipper is quite an impulse seller. Packed 6 to the box, weight: 2 lbs. . . . 72 to the case, weight: 22 lbs.

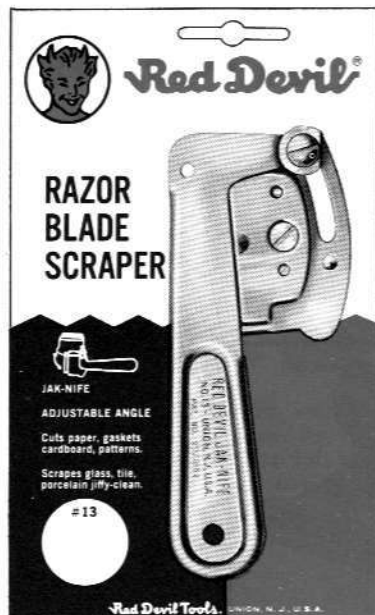

WOOD & PAINT  
SCRAPERS

## UP 2 Utility Patcher

This versatile, stainless steel tool is ideal for plaster patching, puttying windows, scraping and cleaning in corners and narrow spaces, cement patching, pointing-up brick mortar, tile setting and dozens of other jobs. Overall length 8¾". Individually carded, the UP 2 is packed 12 to the box, weight: 1 lb. 8 ozs. . . . 72 to the case, weight: 10 lbs., 10 oz.

# Red Devil Razor Blade Scrapers

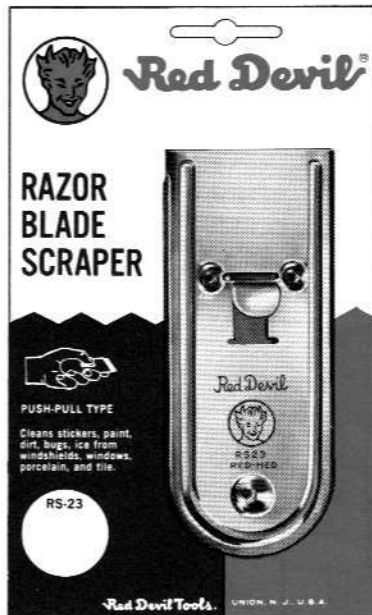

## No. 13 Jak-Nife Scraper

"Jak" securely holds a single- or double-edge blade at a variety of angles for a variety of jobs. When not in use, the cutting edge folds safely back into the handle. Individually mounted on colorful cards, this fast-selling item is packed 12 to the box, weight: 2 lbs. . . . 288 to the case, weight: 48 lbs.

### No. 12 JAK-NIFE SCRAPER

Same as No. 13, but with five spare blades also mounted to display card. Packed 6 to the box, weight: 1 lb. 8 oz. . . . 144 to the case, weight: 35 lbs.

## RS 23 Razor Blade Scraper

This push-pull scraper holds a single-edge blade. When in use, the blade is locked in place. For storage, the blade is completely retractable into handle. Packed 12 to the box, weight: 2 lbs. . . . 288 to the case, weight: 44 lbs. Individually carded.

### RS 22 RAZOR BLADE SCRAPER

Same as RS 23, but with five extra blades also mounted on card. Packed 6 to the box, weight: 1 lb., 4 oz. . . . 144 to the case, weight: 32 lbs.

## RK 1 Razor Knife

Trimming all wall coverings, and dozens of miscellaneous jobs best done with a razor blade, are performed more quickly, easily, and safely with this easy-to-hold knife. For safe storing or carrying, its single-edge blade can be reversed. Individually mounted on colorful cards (complete with 5 extra blades) the RK 1 is packed 6 to the box, weight: 1 lb., 4 ozs. . . . 72 to the case, weight: 15 lbs.

## RK 2 Razor Knife

Same as RK 1, but without extra blades. Individually carded. Packed 6 knives to box, weight: 1 lb. . . . 72 to the case, weight: 12 lb., 4 oz.

## RSB 1 Blade

Fits Red Devil Nos. 12, 13, 19, RS 22, RS 23, RK 1, RK 2 and all other single-edge razor blade holders. Packed 5 to package, 10 packages to display card, two cards to carton, weight: 1 1/4 lbs., 24 cards to case, weight: 14 lbs.

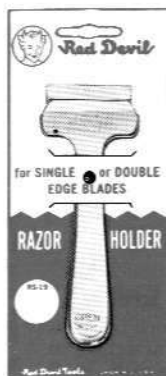

## RSB 2 Blade

Same as RSB 1 blade, packed bulk 100 blades to box. Weight: 14 oz. 3400 blades to the case, weight: 29 lbs.

## RS 19 Razor Blade Scraper

**NEW**

For single or double edge blades. Scissor action makes blades easy to change. Single edge blades can be reversed for safe carrying or storing. Plated to resist rust. Carded for impulse sales. Comes with single edge blade, packed 12 in box, weight: 1 lb. 5 oz. . . . 288 to the case, weight: 33 lbs.

These spreaders are ideal for quick and even spreading of mastic paste in laying linoleum, vinyl, asbestos, asphalt, and all other floor and wall tile. Scientifically serrated to leave just the right amount of adhesive, and specially plated to resist rust, these spreaders produce professional results.

## S1 (3-inch blade)

The polished steel, serrated blade of this spreader is stiffened with three flutes. The enameled hardwood handle has a heavy, seamless ferrule.

## S2 (4 1/2-inch blade)

## S3 (6-inch blade)

## S4 (9-inch blade)

These spreaders are of extremely rigid, heavy steel construction. The comfortable turned-over grip reinforces entire width of blade.

## TGI Trim Guard

This item makes quick work of sash and trim painting by protecting adjacent glass or wall areas. It's also handy for trimming wall paper. Each edge is a different length, (6 1/4" x 7 1/2" x 9 3/4") so trim guard fits practically everywhere. Its brightly enameled surface makes for easy cleaning . . . and easy selling.

## SP2 Screen Painter

For use with shallow paint pan. Easy to use—will not clog screen. Easy to clean, too—just dip or soak in turpentine and squeeze. Painting face (3 1/4" x 4 1/2") made of long-wearing carpet material. Holds an ample supply of paint, applies it evenly and smoothly.

## TWIN—30\*

### The paint conditioner with double capacity plus perfect blending

This revolutionary conditioner—a “two-armed” version of the new Model 30—will completely condition two gallon cans, four quart cans, six pint cans—by themselves or in combination, example: one gallon can and three pint cans—in less than *one half* the time it would ordinarily take. And perfect color blending—even of the most “difficult” paints—is *guaranteed* by Red Devil. **HERE'S WHY:**

**NEW SLANT:** The mixing efficiency provided by the horizontal angle of the all-new can-clamp is at least *double* the efficiency attainable at any other angle. Completely fulfills blending requirements of modern color systems. Most paints can be completely blended in one minute or less.

**DOUBLE PAY-LOAD:** Each of the TWIN 30's can clamps is quickly and easily loaded and unloaded. Holding single cans or combinations of cans *without* adapters. Cans are securely held by the jaws, but neither label nor can is ever marred . . . even after the 1,440-shakes-per-minute workout they receive.

**EXCLUSIVE ECCENTRIC ACTION:** Red Devil's famous three-way action breaks up pigments and sediments throughout the can, mixing them into a solution equal to factory freshness. And each conditioner is equipped with an automatic timer.

**BASES:** No. PB/F Pedestal Base With Feet (illustrated) is optional at extra cost. No. CB—Counter Base as shown on Model No. 32 (next page) is also adaptable to the Twin 30 at extra cost.

#### Specifications for — Twin 30 Paint Conditioner

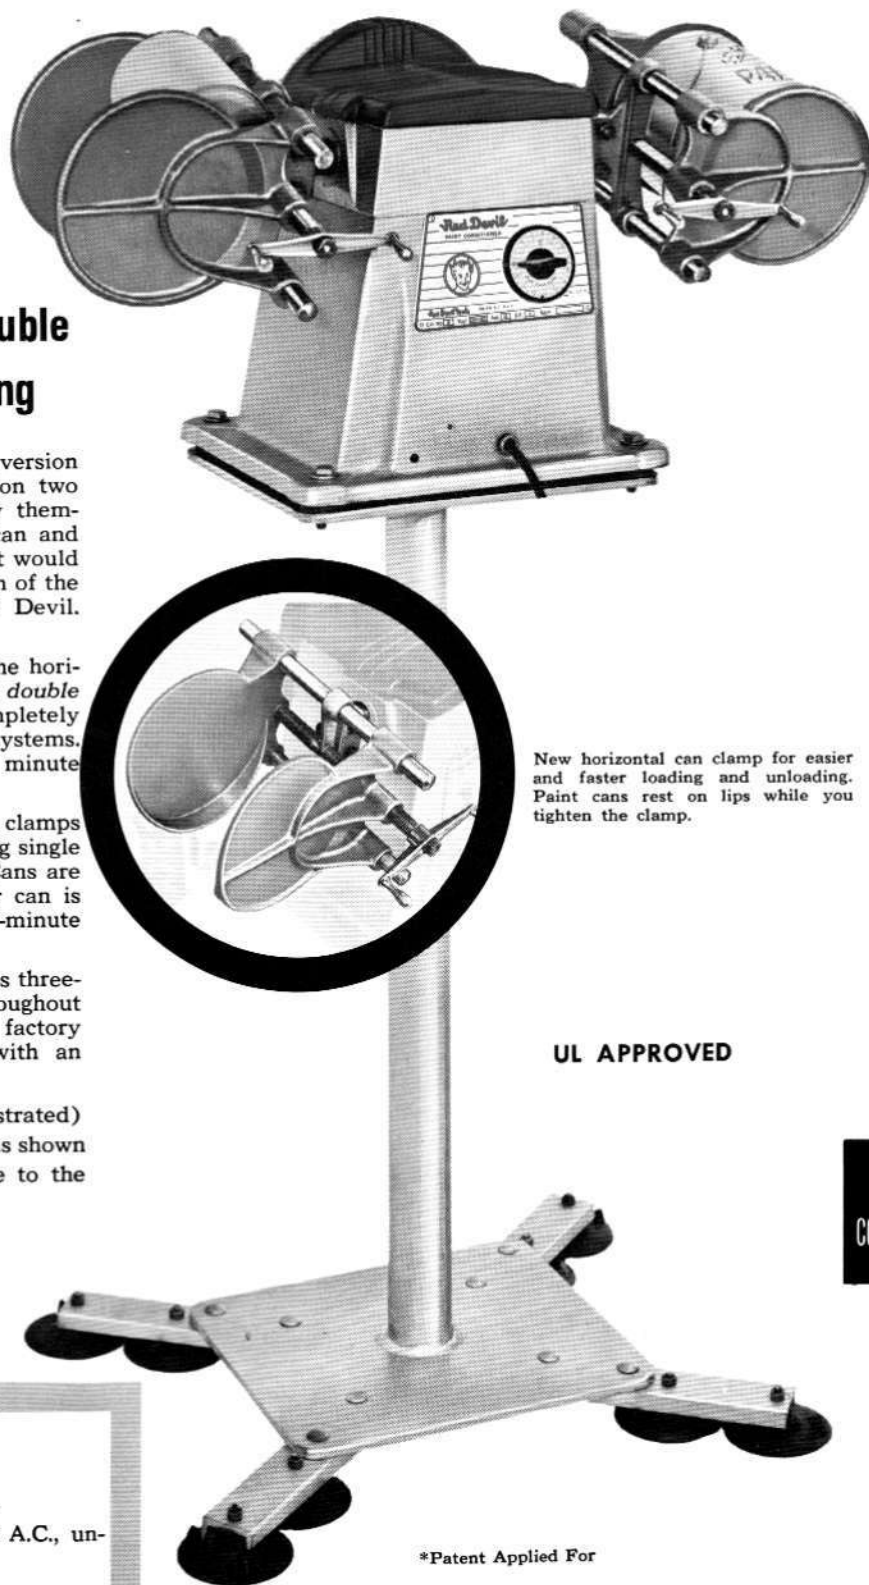

**Operating Space:** 34" wide, 24" deep, 21" high.

**Motor Equipment:** ¼ H.P. 60 cycle, 110 volt A.C., unless otherwise specified.

**Lubrication:** Operates in a bath of oil.

**Packing:** Completely assembled and mounted on skids.

**Shipping Weight:** 138 Lbs.

New horizontal can clamp for easier and faster loading and unloading. Paint cans rest on lips while you tighten the clamp.

## MODEL 32 PAINT CONDITIONER

### with Giant Capacity — Holds a 2 Gallon Pail

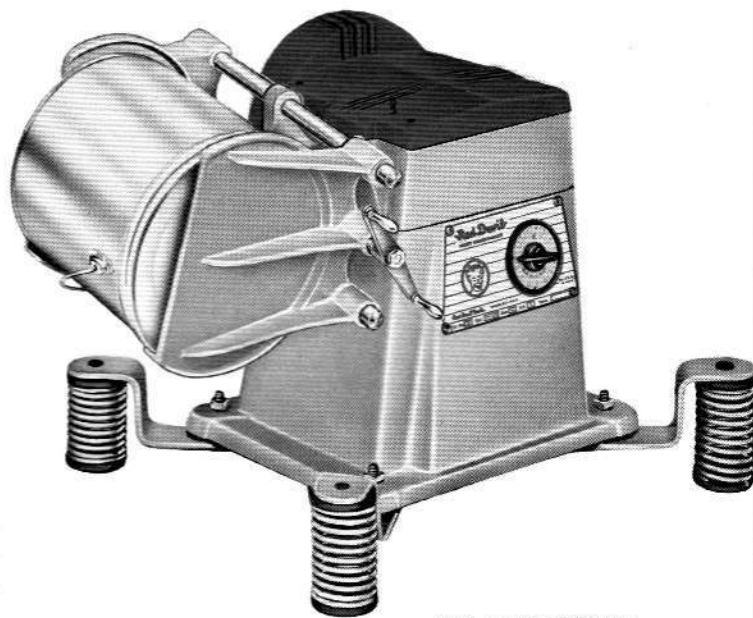

With its heavy-duty construction and powerful  $\frac{1}{4}$  H.P. motor, the new model 32 will perfectly condition paint in the big 2 gallon size pail. It will also easily handle a 1 gallon can, three 1-quart cans or four pint cans. No adapters are needed. In all size cans you get the perfect blending guaranteed by Red Devil's important new design features:

**DOUBLE-EFFICIENCY HOLDING ANGLE:** Most paints can be blended in one minute or less. The efficient new horizontal angle mixes even the most difficult colors completely in minimum time. It's the result of exhaustive research and testing.

**EXCLUSIVE THREE-WAY ACTION:** Pigments and sediment are perfectly suspended by vigorous eccentric vibration. The dispersion is as perfect as when the paint left the factory production line.

**BUILT-IN TIMER:** The model 32 watches the time for you, assures the proper mixing period automatically.

**BASES:** No. CB — Counter Base (illustrated) is optional at extra cost. No. PB/F — Pedestal Base With Feet as shown on the Twin 30, (preceding page) is also adaptable to the Model 32 at extra cost.

## Model 30 PAINT CONDITIONER with Horizontal Can Clamp

**The Model 30 is probably the best known and most trusted paint conditioner ever made. And now it's even better.**

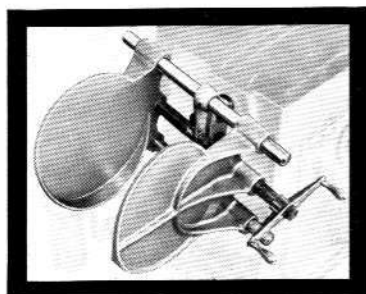

Here's why: Red Devil's famous three-way mixing action *plus* the angle of the new horizontal can clamp, set up a controlled turbulence within the can that no paint can resist. You get 100% perfect blending—of any color system—in half the time it used to take. That's a guar-

antee. In addition, the Model 30 securely holds one gallon, two quarts or three pints . . . without adapters. Complete with automatic timer, this great machine will definitely put an end to customer complaints about incomplete color blending. Shipping Weight: 125 lbs.

UL APPROVED

Counter base illustrated optional at extra cost.

**If you already have a Model 30 Paint Conditioner you can up-date it now . . . with a Red Devil MK 1 Modernization Kit.**

Double the speed and efficiency of your dependable Model 30 paint conditioner. It's as easy as replacing the old can clamp with the new horizontal can clamp supplied in the kit. You can do the whole conversion yourself in minutes—without special tools. The MK 1 horizontal can clamp is identical to that supplied as standard equipment on all new Model 30 paint conditioners, and fits any Red Devil Model 30. Packed one to a carton.

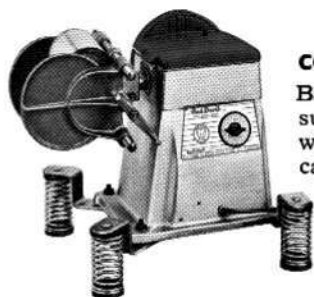

Shipping Weight: 11 lbs.

## Twin 11 with exclusive KWICK-KLAMP® and long-stroke for faster blending

- This remarkable "twin" machine is new from the base up. Its sleek, compact chassis rests on a coil spring suspension which cushions almost all vibration and requires no bolting down.
- The long-stroke mixing action thoroughly blends all types of paint.

- Each of the new KWICK-KLAMPS holds one gallon, two quarts, or two pints in its vise-like grip without adapters... and loads as easily as dropping in the cans and pulling the lever—the KWICK-KLAMP automatically locks in the right position... no spacers, gadgets or groping. And even with one cradle empty, the Twin 11 operates in perfect balance... silently.
- And here's a bonus: The Twin 11 has a built-in automatic timer, at no extra cost.

U.I. Approved

Now you can have the advantage of KWICK-KLAMPS on your present Harbil HB 7, with a Red Devil MK 3 Modernization Kit. Also available for other makes of machines. Write for details.

Get the speed, safety and capacity of KWICK-KLAMPS with this easy, do-it-yourself conversion. Everything you need is included in the kit. MK 3 packed in two cartons.

Shipping Weight: 13 lbs.

# Red Devil NEW PLS 5 PAIL LID SEALER!

patent applied for

**Seal  
5 gal.  
pails  
inexpensively,  
efficiently!**

Here, for the first time, is a simple, fast, economical way to seal 5 gal. pails! The Red Devil PLS 5 Pail Lid Sealer is a tool you can't afford to be without, particularly since colorant systems have developed a pent-up demand for it!

In one motion it locks 4 lugs — gives you an absolutely airtight seal every time! It's lightweight yet rugged and simple to operate. For on-the-job re-sealing, or for re-sealing after blending, there's nothing else like it on the market!

The Red Devil PLS 5 Pail Lid Sealer fits all 11 $\frac{7}{8}$ " lids. There are no attachments, no extras to buy. And it hangs conveniently, ready for use, in shop or truck.

Packed one to a carton. Shipping weight 5 $\frac{1}{2}$  lbs.

## No. CLS 1 CAN LID SEALER

The neat, quick, professional way to seal cans

**One hand operation.** It takes less than a second to close a can the Red Devil way. Just slide in the paint can, pull the lever, and that's it. The lid is "rolled" on the way paint manufacturers do it... to prevent air entrapment and paint spatter. You get a sure, perfect seal every time. Takes gallon and quart cans. Has screw holes for permanent counter mounting, is built solidly for a lifetime of hard use.

**No dented lids.** Hammering a can shut can make it flip its lid! You are apt to dent the can, spatter paint, make annoying noise, aggravate yourself and your customer — and still not get a proper seal. The silent, sure, easy-to-use Model CLS 1 Can Lid Sealer is one of the handiest additions you can make to your paint department.

Shipping weight including adapter: 12 lbs.

Quart Can adapter is standard accessory.

### No. 33A Paint Conditioner

(Patented)

For Standard or Tapered 1 to 5 gallon cans  
Also one or two cartons of four 1 gallon cans

**1 Exclusive horizontal position:**

Can-on-side position spreads pigments through larger blending area for faster dispersion—and only Red Devil has it.

**2 Longer stroke:** Maximum arc increases blending action.

**3 50% more power:** Extra snap and vigor for faster mixing comes from new, higher capacity 1/2 hp motor.

**4 8-gal. capacity:** Holds two cartons of four 1-gal. cans, also odd-size cans and dome-top spigot cans (with adapter). Blends perfectly with any load.

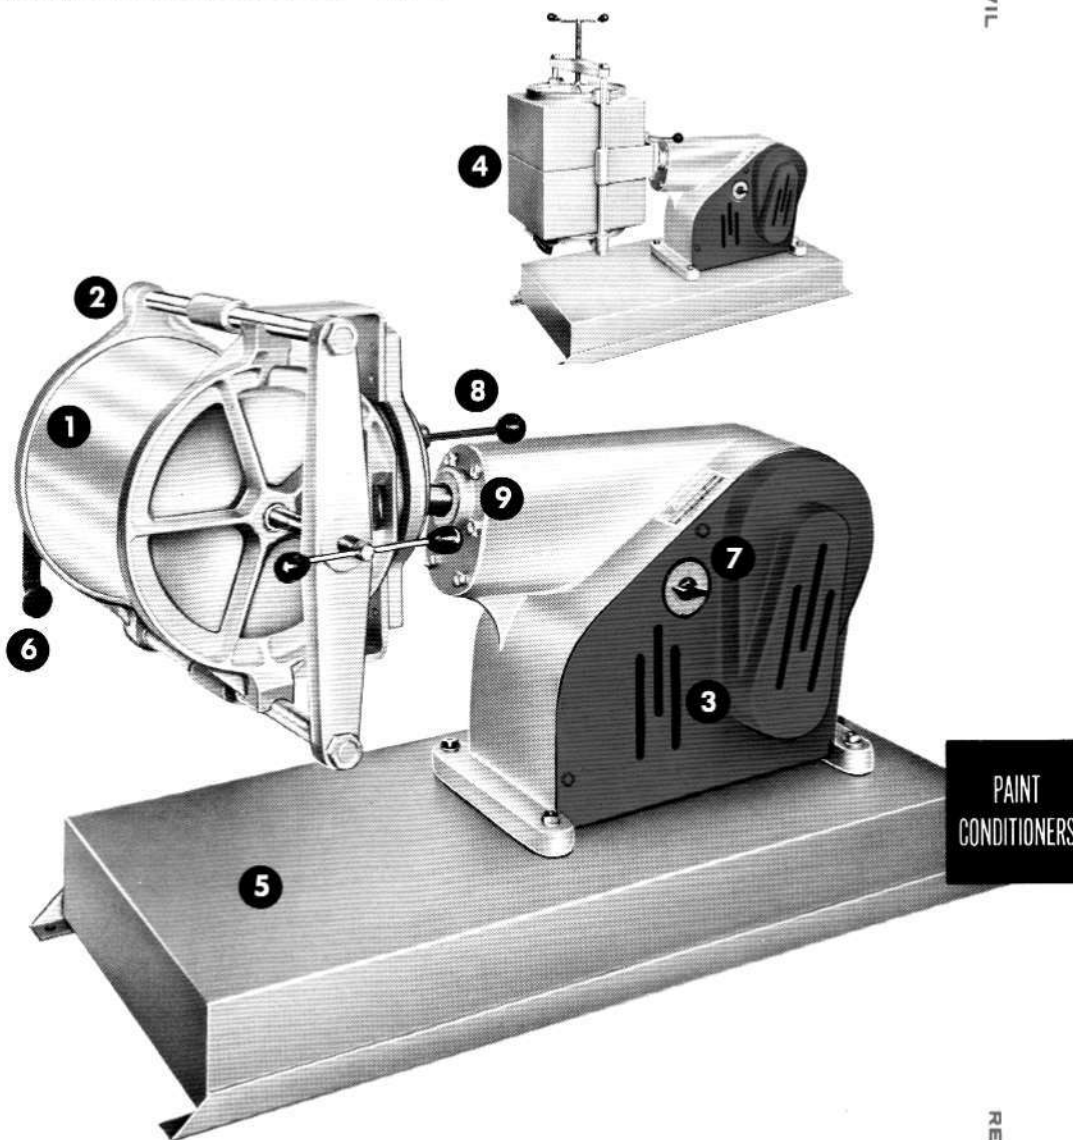

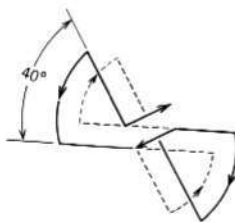

**5 Super-stable base available:** as an accessory at extra cost.

**6 Foot pedal-release:** for easy loading and unloading.

**7 Built-in timer:** shuts machine off automatically.

**8 Feather-touch clutch:** for positioning of cradle at desired angle.

**9 Tapered roller bearings:** for long life.

PAINT  
CONDITIONERS

**EXCLUSIVE 3-WAY ACTION BLENDS BEST BY TEST:**

Simultaneous twisting and in-out actions at high speed literally rip the pigments apart—give fast, perfect dispersion. Exhaustive tests by leading paint manufacturers prove Red Devil No. 33A best on the market.
